MUSEUM POLICIES

NO Photography is permitted in the main museum-for a variety of reasons concerning the real human specimens in the collection, this policy is strictly enforced.

NO Backpacks, or any other bags that can be worn on the back are permitted. Large bags may also not be permitted at Security's discretion. Lockers are available in the coat room for secure storage.

NO strollers are permitted in the museum. Strollers may be stored in the coat room for the duration of your visit.

NO food or drink is permitted in the museum.

Disturbingly Informed:

The mission of The College of Physicians of Philadelphia is to advance the cause of health, while upholding the ideals and heritage of medicine.

muttermuseum.org

The Mütter Museum is part of the College of Physicians of Philadelphia. Founded in 1787, the College of Physicians is one of the oldest professional medical organizations in the country. Twenty-four physicians of 18th century Philadelphia gathered "to advance the science of medicine and thereby lessen human misery." Today, nearly 1,500 Fellows (elected members) continue to convene at the College to work toward better serving the public.
